

Name : SARS-CoV-2 ORF7b

Protein ID: P0DTD8

Length: 43 AA

Sequence:

MIELSLIDFY LCFLAFLFL VLIMLIIFWF SLELQDHNET CHA

You can design the peptide sequences according to the Elabscience® peptide design principle or send the demand to [techsupport@elabscience.com](mailto:techsupport@elabscience.com). Elabscience® peptide expert team will provide you with professional technical support.
