# **IL13 Polyclonal Antibody**

Catalog No. E-AB-66124 Reactivity Η Store at -20°C. Avoid freeze / thaw cycles. Rabbit **Storage** Host **Applications Isotype IgG** 

**Note:** Centrifuge before opening to ensure complete recovery of vial contents.

# **Images**

Western blot analysis of extracts of NCI-H460 cells using IL13 Polyclonal Antibody.

# **Immunogen Information**

A synthetic peptide of human IL13 **Immunogen** 

3596 GeneID **Swissprot** P35225

**Synonyms** IL13,IL-13,P600

## **Product Information**

**Calculated MW** 15kDa **Observed MW** 24kDa

**Buffer** PBS with 0.02% sodium azide, 50% glycerol, pH7.3.

**Purify** Affinity purification Dilution WB 1:500-1:1000

# **Background**

This gene encodes an immunoregulatory cytokine produced primarily by activated Th2 cells. This cytokine is involved in several stages of B-cell maturation and differentiation. It up-regulates CD23 and MHC class II expression, and promotes IgE isotype switching of B cells. This cytokine down-regulates macrophage activity, thereby inhibits the production of pro-inflammatory cytokines and chemokines. This cytokine is found to be critical to the pathogenesis of allergen-induced asthma but operates through mechanisms independent of IgE and eosinophils. This gene, IL3, IL5, IL4, and CSF2 form a cytokine gene cluster on chromosome 5q, with this gene particularly close to IL4.
