PARG Polyclonal Antibody

Catalog No. E-AB-63445 Reactivity H,M,R Storage Store at -20°C. Avoid freeze / thaw cycles. Rabbit Host **Applications Isotype IgG**

Note: Centrifuge before opening to ensure complete recovery of vial contents.

Images

Western blot analysis of extracts of various cell lines using PARG Polyclonal Antibody at dilution of 1:7000.

Immunogen Information

Immunogen Recombinant fusion protein of human PARG

(NP_003622.2).

GeneID 8505 **Swissprot** Q86W56

PARG,PARG99 **Synonyms**

Product Information

Calculated MW 54kDa/60kDa/99kDa/102kDa/111kDa

Observed MW 111kDa

Buffer PBS with 0.02% sodium azide, 50% glycerol, pH7.3.

Purify Affinity purification **Dilution** WB 1:1000-1:2000

Background

Poly(ADP-ribose) glycohydrolase (PARG) is the major enzyme responsible for the catabolism of poly(ADP-ribose), a reversible covalentmodifier of chromosomal proteins. The protein is found in many tissues and may be subject to proteolysis generating smaller, active products. Several transcript variants encoding different isoforms have been found for this gene.
