

GOLGA1 Polyclonal Antibody

Catalog No.	E-AB-65072	Reactivity	H,M,R
Storage	Store at -20°C. Avoid freeze / thaw cycles.	Host	Rabbit
Applications	IF	Isotype	IgG

Note: Centrifuge before opening to ensure complete recovery of vial contents.

Images

Immunofluorescence analysis of HepG2 cells using GOLGA1 Polyclonal Antibody at dilution of 1:150. Blue: DAPI for nuclear staining.

Immunogen Information

Immunogen	Recombinant fusion protein of human GOLGA1 (NP_002068.1).
GeneID	2800
Swissprot	Q92805
Synonyms	GOLGA1,golgin-97,golgin A1

Product Information

Buffer	PBS with 0.02% sodium azide, 50% glycerol, pH7.3.
Purify	Affinity purification
Dilution	IF 1:50-1:200

Background

The Golgi apparatus, which participates in glycosylation and transport of proteins and lipids in the secretory pathway, consists of a series of stacked cisternae (flattened membrane sacs). Interactions between the Golgi and microtubules are thought to be important for the reorganization of the Golgi after it fragments during mitosis. This gene encodes one of the golgins, a family of proteins localized to the Golgi. This encoded protein is associated with Sjogren's syndrome.
